Idaho Search & Rescue Training Fund Guidelines

- The purpose of this fund is to provide monies for training Search & Rescue units, with emphasis on multi jurisdictional training.
- This fund is for training in Search & Rescue operations, not fire, EMS, etc.
- The \$2,000.00 maximum is for a single training exercise, regardless of how many units participate, or how long the training lasts.
- The person or persons providing the instruction should be certified, if possible, in the techniques they teach, and in teaching the use of the equipment they are training SAR personnel to use.
- If funds are needed before the training to hire the instructor(s), or purchase specialized equipment for the training, applications should be submitted with documentation of all costs and why funding is required before the training is completed.
